

Citadel METAL CLAD

Metal Clad giving a magical face lift to the high end exterior construction and architectural industry, Citadel Metal Clad unlike that traditional cladding, can be easily fixed in least amount of time, is exceptionally durable, light weight and maintenance free, weather, moisture and UV resistant as well as eco - friendly.

Benefits of Citadel Metal Clad:

- Non-combustible
- 15 Years Finish Warranty
- No Maintenance
- Won't rot, warp, peel or fade
- LEED Credits
- Impervious to insects
- Can be recycled or re-coated after the warranty period.
- Has resale value which means its an investment with return unlike Wood and other options available.

Applications of Citadel Metal Clad:

- Exterior & Interior
- Façades, Gates, Canopies Ceiling, Counter fronts & Fences.
