

Reach out to the sky

**Fabric & Glass Retractable
Roofs from CITADEL**
The Pioneer in Openable Roofing in India.

Enjoy your terrace, backyard, balcony all year round. Enjoy the warm fresh air with your roof fully opened on hot days and relax in the evening for dinner under the stars.

Citadel Retractable Roofs are completely waterproof and windproof offering good insulation against the elements. At the same time they are strong and durable due to excellence in design of profiles.

A key advantage of our systems is the amount of clear opening - when fully retracted at least 75% of your space will be uncovered.

Retractable Roof in Glass

Retractable Roof in Fabric

Features
